UX RESEARCH METHODS AND PURPOSE

- The field of User Experience Design focuses on creating designs that are useful and meaningful to the user.
 - Designs, services, and products are created and customized according to the user's needs, thoughts, and feelings.
 - Purpose: To create products, services, and designs that are easy to use, efficient, and enjoyable for the users.
- Project 3 Study Methodology:
 - 3 logos were created using Canva and Adobe Express→ 3 participants reviewed all 3 designs→ gave feedback and expressed likes and dislikes→ Edited the designs according to the user feedback→ Created a final design based on most liked logo

Participants

Participant 1

- Floormate
- Student
- She/her
- Age:19
- Major: Neuroscience
- Minor: Business, Chemistry

Participant 2

- Friend
- Student
- She/her
- Age:19
- Major: Neuroscience
- Minor: History, Chemistry

Participant 3

- Dormmate
- Student
- She/her
- Age: 19
- Major: Neuroscience
- Minor: Chemistry, GSWS

LOGO FEEDBACK

- Liked font style and border design
- Felt too overwhelming and busy
- Flower design could be a different color
- Mixed opinions on font color

- Viewed as elegant
- Minimalism was liked
- Mixed opinions on font style
- Sun design was liked

- “Spikes” were liked
- Name should be closer to circle in middle
- Color choices were liked
- Mixed opinions on asymmetrical design

FINAL DESIGN

- Used the 2nd logo as base because it was most liked overall
- Added/Changed:
 - ◆ "Spikes"/ sun rays to top of dome from logo 3
 - ◆ Used a similar font from logos 1 and 3 since it was everyone's favorite
 - ◆ Shrunk sun to make design less overwhelming
- Kept:
 - ◆ Kept the sun design and dome
 - ◆ Kept same color scheme
